Maximum Marks	2 Marks

Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1 Awareness	Stage 2 Evaluation	Stage 3 Adoption
Actions <i>What does the customer do?</i>	- Learns about the tool through website/demo - Registers / signs up - Explores key features	- Tests the tool with sample inputs - Compares results with manual evaluation - Seeks feedback from peers/mentors	- Uses the tool in real tasks - Integrates it into regular workflow - Shares feedback and suggestions
Touchpoint <i>What part of the service do they interact with?</i>	- Website / Social media - Product demo / videos - Sign up page - Welcome email	- Dashboard / Upload interface - Results & analytics - Help center / FAQs - Support / Chat	- Full dashboard - Reports & feedback - Settings / Integrations - Community / Updates
Customer Thought <i>What is the customer thinking?</i>	- What is this tool? - How does it work? - Will this help me evaluate better?	- Is this accurate? - Is it easy to use? - Does it save time? - Is it better than manual evaluation?	- This is useful and saves time. - I can rely on this for evaluations. - I should suggest this to others.
Customer Feeling <i>What is the customer feeling?</i>	- Curious - Hopeful - Slightly uncertain	- Cautiously optimistic - Relieved (if results are good) - More confident	- Satisfied - Confident - Empowered

Process Ownership <i>Who is in the lead on this?</i>	• Marketing Team • Product Team • Content Team	• Product Team • Support Team • Data/ML Team	• Customer (Evaluator) • Product Team • Support Team
Opportunities <i>How can we improve this stage?</i>	• Create more awareness through webinars and tutorials • Provide clear feature highlights • Simplify sign up process	• Improve accuracy and transparency • Add more sample datasets • Provide comparison with manual scoring	• Add integration with other tools • Provide advanced reports and insights • Build a user community for sharing best practices
